TXA100

IP20

easy configuration tool kit

Technical properties

Configuration

Category / ports	RJ45 Port for LAN connection

Controls and indicators

Manual selection switches / push-buttons	Selection switch for online/offline mode
Button / push-button	with programming button and red programming LED

Connectivity

Ethernet data rate	max. 2 x 100/1000 Mbit/s
Connectors / jacks	with 2 USB jacks type B, USB 2.0 compliant

Voltage

Operating voltage	230 V AC
Operating voltage over bus	21...32 V DC

Dimensions

Dimensions (LLxwwxhh)	41.5x33x10 cm

LED control

LED	with green and red status LED for LAN status, operational stand-by, KNX status and gateway connection

Connection

Bus coupling unit	with integral bus coupling unit
Bus connection	bus connection via connecting terminal
Connection	with two RJ45 jacks ; for connection to a 230 V AC socket outlet

Settings

Supported configuration modes	easy

Scope of delivery

Bus connection included	Yes
Contents of the kit	Configuration tool + WIFI access point + Power supply 1x 30VDC + 1x 24VDC

Equipment

Updateable	Yes
Visualization	No
Web-Server	Yes

Software

Subject to technical modifications

Software	portable case with complete set for commissioning of KNX installations in easy mode

Use conditions

Operating temperature	0…45 °C
Storage/transport temperature	-20…70 °C

Identification

Main design line	KNX

Instructions

Information text	Network technology skills are required for commissioning. System requirements: Windows 8.1, Android 4.4, iOS 8.
