

WBM10RUD

Mechanism 10A rotary UP DOWN

Technical properties

Architecture

Type of control unit Rotative

Main electrical features

Nominal voltage 250 V AC

Electric current

Rated current 10 A

Dimensions

Depth 45 mm

Installation, mounting

Installation mode RotoLoc ®

Connection

Terminal terminals accommodate 4 x 1.5 mm² cable

Type of connection with screw terminals

Type of connection Screw connection

Identification

Main design line Mechanisms
