

WBM20F-MW

Mechanism 20A MW "FAN"

Technical properties

Architecture

Type of control unit rocker

Configuration

Switch mode 1 way

Main electrical features

Nominal voltage 250 V AC

Electric current

Rated current 20 A

Installation, mounting

Installation mode RotoLoc ®

Connection

Terminal terminals accommodate 4 x 1.5 mm² cable

Type of connection with screw terminals

Type of connection Screw connection

Identification

Main design line Mechanisms
