

WBM250NCL

Mechanism neon clear

Technical properties

Main electrical features

Nominal voltage	250 V AC
-----------------	----------

Materials

Colour	white
Colour	white
Colour housing	blue

Lighting control

Light colour	white
Type of lamp	fluo lamp

Installation, mounting

Installation mode	RotoLoc ®
-------------------	-----------

Connection

Type of connection	with screw terminals
--------------------	----------------------

Safety

Halogen free	No
--------------	----

Identification

Main design line	Mechanisms
------------------	------------
