

WBMSLL

Mechanism slave module with LED indicator

Technical properties

Frequency

Frequency	50 - 50 Hz
-----------	------------

Materials

Material	Polycarbonate (PC)
----------	--------------------

Dimensions

Height	24 mm
--------	-------

Use conditions

Operating temperature	5 - 40 °C
-----------------------	-----------

Capacity

Number of modules	1
-------------------	---

Texts

Installation mode	RotoLoc®
Operation and control	No Bluetooth interface
Type of connection	With screw terminals
