

WMGFU13

13A Fuse Carrier

Configuration

Switch mode 2pole

Main electrical features

Rated current 13 A

Fuse

Fuse with ceramic fine fuse F 13A

Dimensions

Depth 32 mm

Height 60 mm

Width 25 mm

Frequency

Frequency 50;60 Hz

Materials

Material Urea-formaldehyde

Installation, mounting

Imprint with clear terminal markings

Cable

Wiring with double earth connection

Equipment

Lighting without lighting (cannot be illuminated)

Standards

Standard BS 1363-4

Safety

Protection to protect downstream loads
