

BF264

## Earth leakage add-on block 2P 63A 300mA AC Class

## **Technical characteristics**

| Neutral position                          | left        |
|---|-------------|
| Number of poles                           | 2 P         |
| Type of pole                              | 2 P         |
| Main electrical features                  |             |
| Rated operational voltage Ue              | 230 / 400 V |
| Frequency                                 | 50 Hz       |
| Voltage                                   |             |
| Rated insulation voltage                  | 500 V       |
| Rated impulse withstand voltage           | 4000 V      |
| Electric current                          |             |
| Rated residual operating current          | 300 mA      |
| Dimensions                                |             |
| Depth of installed product                | 9.2 cm      |
| Height of installed product               | 7 cm        |
| Width of installed product                | 3.5 cm      |
| Power                                     |             |
| Total power loss under IN                 | 18 W        |
| Endurance                                 |             |
| Electric endurance in number of cycles    | 2000        |
| Number of mechanical operations           | 1000        |
| Installation, mounting                    |             |
| Tightening torque                         | 2,8Nm       |
| Connection                                |             |
| Connection cross-sect. flexible conductor | 16mm²       |
| Connection cross-sect. rigid cable        | 25mm²       |
| Standards                                 |             |
| European directive WEEE                   | concerned   |
| Safety                                    |             |
| Protection index IP                       | IP20        |
| Residual current type                     | AC          |
|   |             |

## **Use conditions**

Operating temperature

Subject to technical modifications
