## RCCB 4P 40A 100mA AC Class

**Technical characteristics** 

| Neutral position   | righ                         |
|--|------------------------------|
| Number of poles  | 4                            |
| Fixing mode  | DIN rail type O (symmetrical |
| Main electrical features   |                              |
| Rated operational voltage Ue   | 230 / 400                    |
| Frequency  | 50 H                         |
| Voltage  |                              |
| Rated insulation voltage   | 500                          |
| Rated impulse withstand voltage  | 4000 '                       |
| Electric current   |                              |
| Rated residual operating current                                       | 100 m.                       |
| Rated conditional short-circuit current Inc<br>according to EN 61008-1 | 6 k                          |
| Electric current / temperature   |                              |
| Rating current 30°C  | 40                           |
| Dimensions   |                              |
| Depth of installed product   | 70 mr                        |
| Height of installed product  | 83 mr                        |
| Width of installed product   | 70 mr                        |
| Power  |                              |
| Total power loss under IN  | 8.1 \                        |
| Tripping   |                              |
| Short-time delayed tripping  | N                            |
| Endurance  |                              |
| Electric endurance in number of cycles                                 | 200                          |
| Number of mechanical operations  | 400                          |
| Installation, mounting   |                              |
| Tightening torque  | 2,8Nr                        |
| Connection   |                              |
|  |                              |

## Standards

| Standard text           | EN 61008-1 |
|-------------------------|------------|
| European directive WEEE | concerned  |
| Safety                  |            |
| Protection index IP     | IP20       |
| Residual current type   | AC         |
| Use conditions          |            |

Operating temperature

-25...40 °C
