

EER518

Motion detector highbay 360° surface mounted NO contact detection height 8m

Technical characteristics

Architecture

Bus system Without

Main electrical features

Frequency 50/60 Hz

Detection

Detection angle 360 °

Materials

RAL colour RAL 9010 - Pure white

Material plastic

Type of surface treatment untreated

Installation, mounting

Maximum Mounting Height 10 m

Equipment

Angle of horizontal detection 360 °
