

-40...80 °C

SPA401

SPD 4P monobloc 12.5kA class 1 with light indicator TT + TNS

Technical characteristics

Use conditions

Operating temperature

	Architecture
4 F	Type of pole
	Controls and indicators
end of life indicator	Indicator lamp
	Main electrical features
230 / 400 V	Rated operational voltage Ue
50/60 Hz	Frequency
	Electric current
12.5 kA	Max discharge (Imax) L-N(PEN)/ N-PE
	Power
0 W	Total power loss under IN
	Installation, mounting
4Nm	Tightening torque
	Connection
1,5 / 25mm²	Connection cross-sect. flexible conductor
1,5 / 35mm ²	Connection cross-sect. rigid cable
