

TCC510S

IP41

Presence detector 360° monobloc KNX, white

Technical characteristics

Architecture

Bus system KNX

Functions

Function Linking several detectors in order to expand the detection area

Connectivity

Bus system radio frequent No

Detection

Detection angle 360 °

Angle of vertical detection 55 °

Materials

Colour white

RAL colour RAL 9010 - Pure white

Surface appearance matt

Lighting control

Brightness measurement range 5 / 1000 Lux

Installation, mounting

Maximum Mounting Height 4 m

Settings

Setting with potentiometers for setting the response brightness and delay time without dismantling

Equipment

Number of channels 1

Angle of horizontal detection 360 °

Use conditions

Operating temperature -10...45 °C
