TYF120

KNX/IP Interface, 2 modules, IP20

Technical characteristics

Architecture

Bus system	KNX

Connectivity

Bus system radio frequent	No

Electric current

Bus consumption	10 mA

Materials

RAL colour	RAL 7035 - Light grey

Connection

Type of connection	Bus KNX/EIB + Ethernet (10 Mbit/s)
Connection type	TG008 (bus and supply voltage) / RJ45 (Ethernet)
Type of connection	operating voltage connection via connecting terminal ; with RJ45 connection for Ethernet/IP networks

Use conditions

Operating temperature	-5...45 °C
