

WMDS2

## 2 Gang Dimmer 250W

### Technical characteristics

#### Main electrical features

Frequency	50/60 Hz
-----------	----------

#### Voltage

Operating voltage	240 V AC
-------------------	----------

#### Connection

Type of load	inductive
--------------	-----------

#### Scope of delivery

Component	with 2 fixing screws M3.5 x 30 mm
-----------	-----------------------------------

#### Equipment

Dimming principle	phase cut-on
-------------------	--------------
