

WMDS4

#### **4 Gang Dimmer 250W**

##### **Technical characteristics**

###### **Main electrical features**

Frequency	50/60 Hz
-----------	----------

###### **Voltage**

Operating voltage	240 V AC
-------------------	----------

###### **Connection**

Type of load	inductive
--------------	-----------

###### **Scope of delivery**

Component	with 2 fixing screws M3.5 x 30 mm
-----------	-----------------------------------

###### **Equipment**

Dimming principle	phase cut-on
-------------------	--------------
