

WMSU83

13A FCU Unswitched

Technical characteristics

Main electrical features

Rated current	13 A
---------------	------

Fuse

Fuse	with ceramic fine fuse F 13A
------	------------------------------

Dimensions

Depth	25.2 mm
Height	86 mm
Width	86 mm

Materials

Colour	white
--------	-------

Cable

Wiring	with double earth connection
--------	------------------------------

Scope of delivery

Component	with 2 fixing screws M3.5 x 30 mm
-----------	-----------------------------------

Safety

Protection	to protect downstream loads
------------	-----------------------------
