

WRSU83BNB

Technical characteristics

Main electrical features

Frequency	50/60 Hz
Rated current	13 A

Fuse

Fuse	with ceramic fine fuse F 13A
------	------------------------------

Dimensions

Height	86 mm
Width	86 mm

Cable

Wiring	with double earth connection
--------	------------------------------

Scope of delivery

Component	with 2 fixing screws M3.5 x 20 mm
-----------	-----------------------------------

Standards

Standard	BS 1363-4
----------	-----------

Safety

Protection	to protect downstream loads
------------	-----------------------------

Use conditions

Insert	insert, black
--------	---------------
